

Communication, Learning and Research Teaching Programme

Year 01 Semester 01 module (CLR module 01)

Credits: 2

Areas covered – computer skills, learning techniques and English language.

	Topic	Learning objectives	Teaching/ Learning activity	Department/ teacher	Duration
1	Search for medical and health information in the web. 1	To develop skills to navigate the different search engines available in the internet for literature search.	Lecture (e-library)	CU/TB	01 hour
2	Search for medical and health information in the web. 11	To develop skills to navigate the commands and menus of web effectively in search of medical literature.	Practical (e-library)	CU/TB	01 hour
3	Search for medical and health information in the web. 111	To learn and understand the steps of Medline literature search.	Practical (e-library)	CU/TB	01 hour
4	Word processing software	To learn effective navigation of commands and menus of Microsoft word	Lecture (e-library)	CU/TB	01 hour
5	Data entry software	To learn the uses of spared sheets	Lecture (e-library)	CU/TB	01 hour
6	Editing skills in word processing	To develop skills to prepare a document using appropriate commands	Practical (e-library)	CU/TB	01 hour
7	Editing skills in data entry	To develop skills to prepare spread sheets and enter data correctly	Practical (e-library)	CU/TB	01 hour
8	How to prepare a computer presentation	To learn and develop skills to prepare a power point presentation	Lecture (e-library)	CU/TB	01 hour
9	Writing formula in spread sheets	To develop skills to use formula commands to create new variables	Practical (e-library)	CU/TB	01 hour

10	Creation of graphs	To learn to create different types of graphs using continuous data To learn to create different types of graphs using categorical data	Lectures (e-library)	CU/TB	01 hour
11	Time management	What is it? Student should be able to; incorporate time management skills into the learning process.	Lecture discussion	MEU/KM,SD	01hour
12	Stress management and relaxation technique.	To learn relaxation techniques	Lectures	Psychiatry/staff Dept. Psy	01 hour
13	Examination types and preparing for examinations	Student should be able to describe types of examinations	lecture	MEU/KM,SD	01 hour
14	Familiarization with stress and relaxation techniques	To develop the skills of relaxation techniques	Lecture/discussions (Psychiatry)	Psychiatry/staff Dept. Psy	01 hour
15	Active/ passive learning Effective and use of study materials	Student should be able to compare and contrast active with passive learning. Describe different learning approaches adopted by students, self directed learning and learning resources available for university students	Lecture discussion	MEU/KM,SD	01 hour
16	English language	To learn reading comprehension skills 1. To learn how to break complex sentences into simple sentences. To practise active/passive voice, speech activities	Group/pair/individual work	ELTU/Staff of ELTU	01 hour 02 hours 02 hours
		To learn reading comprehension skills 11. To learn the use of relative clauses, To learn the pronouns, vocabulary, parts of	Group/pair/individual work	ELTU/Staff of ELTU	07 hours

	<p>speech, listening comprehension To develop presentation skills To learn writing at sentence level To learn paragraph building</p>			
	<p>To learn reading comprehension skills 111. To learn the use of relative clauses 11. To learn to write simple, complex and compound sentences. To learn how to transfer information (verbally).</p>	Group/pair/individual work	ELTU/Staff of ELTU	06 hours
	<p>To learn reading comprehension 1V. To learn the use of active/passive voice. To learn how to improve question asking skills.</p>	Group/pair/individual work	ELTU/Staff of ELTU	06 hours
	<p>To learn writing definitions, sequence markers, cause and effect, vocabulary, and reading comprehension.</p>	Group/pair/individual work	ELTU/Staff of ELTU	06 hours

Y1S1 CLR Evaluation

Examination type	Number of questions	Duration	Credits
Practical examination on computer skills	02	01 hour	02
Short answered questions on learning	02	30 minutes	
Essay type question (English language)	01	30 minutes	
	05	02 hours
