

## Curriculum Vitae

**Dr Senani Samarasinghe**

**Current Appointment: Lecturer / Consultant Anaesthetist**

**(Specialty training in Transplant Anaesthesia and Intensive care) , Department of Anaesthesiology and Critical care , Faculty of Medicine , Peradeniya.**

### **Previous Posts**

1. Anaesthetic fellow in Anaesthesiology with special interest in transplant anaesthesia and critical care , Department of Anaesthesiology and Critical care, Queen Elizabeth Hospital, University Hospitals of Birmingham, UK.

2.Specialty Registrar in Anaesthesiology and critical care , Department of Anaesthesiology and Critical care, Queen Elizabeth Hospital, University Hospitals of Birmingham, UK.

3.Senior Registrar in Anaesthesia and Intensive care (Special interest training in Transplant Anaesthesia and Intensive care) National hospital Kandy , Teaching Hospital Peradeniya.

Date of Birth : May 19<sup>th</sup> 1982

Gender : Female

Age : 39 years

Nationality : Sri Lankan

Civil Status : Married

SLMC Registration Number : 27887

GMC Registration Number : 7705391

## **Academic Qualifications**

### **Doctor of Medicine (M.D. - Anaesthesiology)**

Post Graduate Institute of Medicine (PGIM), University of Colombo, Sri Lanka, 2018.

### **Bachelor of Medicine and Bachelor of Surgery (M.B.B.S)**

University of Peradeniya, Sri Lanka, 2009.

### **Post Graduate Diploma in applied statistics**

University of Peradeniya, Sri Lanka, 2011.

## **English Competency**

International English Language Testing System (IELTS) - Overall Band 7.5

Reading 7.5, Writing 7.5, Speaking 7.0 and Listening 8.5 .

**IT Competency:** I have an excellent working knowledge of Word, Excel, SPSS and other software programs .

## **Clinical Experience**

I have 8 years of working experience in Anaesthesia and critical care since 2012.

The Post Graduate Institute of Medicine (PGIM) of the University of Colombo is the sole accredited institute for postgraduate medical education in Sri Lanka.

The anaesthesia Training Program consists of nearly 2 1/2 years as a **Registrar** , and two years of post MD training which includes 1 year local training as a **Senior Registrar** and 2 years of **Overseas Training** . The two years of overseas training should include working experience in special interest as well as in general intensive care / anaesthesia .

On successful completion of MD (Anaesthesiology) part 1, I enrolled in the PGIM anaesthesia training program as a registrar in anaesthesia. On successful completion of the MD (anaesthesiology), I advanced to the Senior Registrar training program to specialize in transplant anesthesia and critical care.

### **Experience as a Senior Registrar in Transplant Anaesthesia.**

I commenced my post MD training period in September 2018.

I worked in National Hospital Kandy as a senior registrar on 1<sup>st</sup> September 2018 and continued at T H Peradeniya from December 2018 to May 2019.

### **EXPERIENCE IN THE UK**

I commenced my overseas training in anaesthesia and intensive care in June 2019 at Queen Elizabeth hospital ,University Hospitals Birmingham NHS foundation trust (UHB) as a fully sponsored trainee from Sri Lanka.

Queen Elizabeth Hospital Birmingham have the largest solid organ transplantation programme in Europe.

I worked as a Liver anaesthetic fellow in liver transplant and hepatobiliary theaters . I trained myself in providing anaesthesia for liver transplants on a great range of complicated patients . I gained much experience in managing challenging patients specially in the hepatobiliary lists.

My educational supervisor for Liver and Hepatobiliary theaters is Dr Gowri Subash, consultant anaesthetist (gowri.subash@uhb.nhs.uk).

At the end of seven months working in the liver and hepatobiliary theaters I moved to Critical care Area A in QEHB . Critical care A is a dedicated unit for liver transplant and hepatobiliary patients but also facilitate a vast variety of patients. I was fortunate to gain experience in critical care management of patients with complicated post operative outcomes , neuro trauma , overwhelming sepsis in immunocompromised patients and complicated medical conditions .

I functioned in a registrar level including day on calls ,attending emergencies in wards in the ITU Area A. I worked in the ITU dedicated for COVID -19 infected patients during the COVID 19 pandemic.

My educational supervisor for the ITU training period is Dr Brian Pouchet, Consultant anaesthetist (brian.pouchet@uhb.nhs.uk).

Summary of my working experience in QEHB – please refer Annex 1.

### **EXPERIENCE IN SRI LANKA**

I have been working as a senior registrar in anaesthesia and critical care in National hospital Kandy which comprises of 29 operating theaters and 10 ICUs. Multi-disciplinary team led adult organ transplants are carried out in National Hospital Kandy including renal, liver, pancreatic and heart transplants.

- ❖ I have done preoperative assessment of recipients, identification of problems and optimization of recipients awaiting organ transplant with the instructions of consultant anaesthetist.
- ❖ I have participated in multi-disciplinary meetings conducted for the pre-operative work up of organ transplant.
- ❖ I have assessed patients for suitability of organ donation and have assessed and identified brain dead donors in the ICU.
- ❖ I have been a member of the consultant-led anaesthetic team in liver transplants, both live and cadaveric renal transplants and pancreatic transplant.

- ❖ Further I obtained training in managing these patients in ICU during the post-operative period. I have assessed and recognized complications. Furthermore, participated in multi-disciplinary meetings held regarding management of adult liver transplants.
- ❖ I have anaesthetized patients following liver transplants in the post-operative period for re-explorations.

There are five consultant Anaesthetists in the Department of Anaesthesiology at National Hospital Kandy as listed below.

- **Dr Saman Karunathilake MD,FRCA** – General anaesthesia and organ transplant anaesthesia and critical care
- **Dr Anuranganee VithanaMD,FRCA**-General Anaesthesia, critical care and obstetric anaesthesia
- **Dr Sidarshi Kiriwatthuduwa MD,FRCA** -General Anaesthesia, critical care
- **Dr Vishwa Uduwela MD** -General Anaesthesia, critical care
- **Dr Ravi Weerakoon MD,FRCA**- Neuro Anaesthesia and neuro critical care

I am extremely fortunate to gain exposure to a wide range of anaesthesia sub-specialties, in a supervised setting.

Further ,I was last working at Teaching Hospital Peradeniya before I left for overseas training which is a leading hospital in Sri Lanka affiliated with University of Peradeniya. This is one of the pioneering centres for paediatric renal transplant in Sri Lanka since 2004. I have worked under five consultant anaesthetists in the department of anaesthesiology.

- **Prof Vasanthi Pinto MD,FRCA(UK), FCARCSI(Ire)** – Professor in anaesthesiology and Critical care, Head of the Department, special interest in transplant anaesthesia, pain, critical care
- **Dr Saman Nanayakkara MD, M AcF**- Consultant Anaesthetist – Special interest In pain medicine
- **Dr Rochana Perera MD ,FRCA** - Consultant Anaesthetist
- **Dr Anura Abeyesundara MD ,FRCA** - Consultant Anaesthetist
- **Dr Sameera Wasala MD ,FRCA** - Consultant Anaesthetist

Currently I am involved in anaesthesia and critical care for live-donor paediatric kidney transplants as well as cadaveric adult renal transplants at Teaching Hospital Peradeniya.

During anaesthesia for paediatric renal transplants apart from uncomplicated cases, I have managed long hour surgeries that got complicated due to complex vasculature of donor kidney. Further I have managed significant haemorrhage and hypovolaemia during surgery under supervision of consultant anaesthetist in order to maintain organ perfusion.

Further I have anaesthetized patients during their immediate post-transplant period for re-exploration and in the late post-operative period for removal of rejected kidneys.

### **Experience as a Senior Registrar in Critical care.**

I have worked in ten bedded medical and surgical ICU during post MD training period in Teaching Hospital Kandy as well as in Teaching Hospital Peradeniya.

I have managed post renal transplant paediatric patients in the intensive care under the supervision of consultant anaesthetist and consultant paediatric nephrologists (Dr R.T. Thalagahoda MD,DCH,MRCPCH). I actively involved in the management of serious post-operative complications.

I have managed patients following liver transplant in the intensive care, assessing and promptly managing the complications under direct guidance of Consultant Anaesthetist. I have organized safe transport of post liver transplant patients to other departments for interventions and investigations. Further I have built up a good rapport with the other disciplines and organized multi-disciplinary meetings in order to improve patient outcome.

In the Critical care setting other than patients following organ transplant I have managed many patients following severe sepsis, life threatening trauma , acutely ill post-surgical

patients as well as patients with cardiac ,respiratory, gastro intestinal and renal complications.

### **Experience as a Senior Registrar in General Anaesthesia.**

I have anaesthetised many elective and emergency patients presenting for surgery.

- ❖ I have managed major elective oncosurgical patients with gastrointestinal, hepatobiliary, oromaxillary, breast and endocrine malignancies successfully while providing meticulous post-operative care .
- ❖ I have anaesthetized patients undergoing laparoscopic and thoracoscopic surgeries that require one lung ventilation.
- ❖ I have performed multimodal pain relief techniques including epidurals and ultrasound guided regional nerve blocks.
- ❖ I have anaesthetized patients with challenging airways with the use of awake fibroptic intubation techniques.
- ❖ I have safely anaesthetized septic patients for various surgeries such as emergency laparotomies, limb amputations .
- ❖ I have successfully resuscitated and anaesthetized trauma victims for emergency laparotomies, vascular explorations , limb and sight threatening surgeries.

### **Experience as a Senior Registrar in Paediatric Anaesthesia.**

- ❖ I have anaesthetized neonates and pre- term neonates under supervision of Consultant Anaesthetist for both elective and emergency surgery.
- ❖ Intraoperative complications such as hemorrhage, laryngospasms, bronchospasms have managed successfully under consultant's supervision.
- ❖ Paediatric difficult cannulations , establishment of central venous access have been performed successfully.
- ❖ Paediatric difficult airways have been handled confidently under supervision of Consultant anaesthetist.

## Experience in Registrar in Anaesthesia

I have worked as a Registrar in anaesthesia in the Pre-MD Training Program – 2 1/2 years.  
(May 2015 to August 2018)

I have worked as a registrar in National Hospital Kandy as well as in Teaching Hospital Peradeniya.

### Duties and responsibilities:-

- a. Pre op assessment of patients presenting for surgery.
- b. Assess patients when referred by surgical teams for pre op assessment
- c. Anaesthetize and manage patients intra-operatively.
- d. Perform procedures- Epidural insertion, combined spinal epidural, Arterial line insertion, CV line insertion, Peripheral nerve blocks, vascular catheter insertion.
- e. Review patients post operatively, post op pain management.
- f. On -call duties.
- g. Remote site anaesthesia

I have gained anaesthesia experience in general , oncosurgery, hepatobiliary, transplant, orthopaedic, vascular , eye , ENT, neuro, cardiothoracic ,paediatric, urology, Oromaxillo-facial, plastic – reconstructive surgery, obstetrics and gynaecology. Further I have worked in ICUs in the fields of surgical , medical ,paediatric, cardiothoracic ,neuro and obstetrics . A summary of my pre –MD training is given below.

1. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment :General Anaesthesia  
Duration : Six months (02.05.2015 to 31 .10.2015)
  
2. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment : Obstetric Anaesthesia  
Duration : Two months (01.10.2016 to 30 .11.2016)

3. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment :Cardiothoracic Anaesthesia  
Duration : Three months (01.12.2017 to 28 .02.2017)
4. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment :Cardiothoracic Intensive Care  
Duration : Three months (01.03.2017 to 31 .03.2017)
5. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment :Trauma and Accident service  
Duration : Three months (01.04.2017 to 30 .04.2017)
6. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment :Obstetric Intensive Care  
Duration : One months (01.05.2017 to 31 .05.2017)
7. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment :Neurosurgical Anaesthesia  
Duration : Two months (01.06.2017 to 31 .07.2017)
8. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment :General Anaesthesia  
Duration : Three months (01.08.2017 to 31 .10.2017)
9. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment :Paediatric Anaesthesia  
Duration : Three months (01.11.2017 to 31 .01.2018)
10. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy

Appointment : General Medicine  
Duration : One months (01.02.2018 to 28 .02.2018)

11. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment : Cardiology  
Duration : One months (01.03.2018 to 31 .03.2018)

12. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment : Radiology  
Duration : two weeks (15.04.2018 to 30 .04.2018)

13. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment : Chest medicine  
Duration : Two weeks (01.05.2018 to 14 .05.2018)

14. Designation : Registrar in Anaesthesiology  
Institution : National Hospital- Kandy  
Appointment : Nephrology  
Duration : Two weeks (15.05.2018 to date)

During my Pre –MD training I have worked in the Anaesthesiology and Intensive Care Department at Teaching Hospital Peradeniya under five consultant anaesthetists.

Inspite of the limited general surgical, urology , orthopaedic , gynaecological and obstetric surgeries being carried out it has an expanded variety of challenging surgeries including transplant , hepatobiliary and minimal access surgery. Elective surgical procedure belonging to all the above mentioned subspecialties are performed everyday (Except public holidays) from 8 AM to 5PM. Operating theatres are functioning round the clock, all seven days for trauma and emergency surgeries.

The Intensive Care Unit at Professorial Teaching Hospital Peradeniya is a ten bedded ICU which has the capacity to cater all types of patients including paediatrics , trauma , obstetrics /gynaecology, neurotrauma and specially for the critically ill medical patients.

The department is expanded to the department of Anaesthesiology and Intensive Care of Faculty of Dental Science , Teaching Hospital Peradeniya. An exposure to the Oro Maxillary Facial surgeries and special pain management services are being included in my training at Teaching Hospital Peradeniya.

Following appointments were completed under direct supervision of consultants at Teaching Hospital Peradeniya.

## **Pre MD training**

1. Designation : Registrar in Anaesthesiology  
Institution : Teaching Hospital- Peradeniya  
Appointment : General Anaesthesia  
Duration : three months 01.11.2015 to 30 .06.2016  
Maternity leave (16.12.2015 to 16.05 .2016)
  
2. Designation : Registrar in Anaesthesiology  
Institution : Teaching Hospital- Peradeniya  
Appointment : General Intensive Care Unit  
Duration : 01.07.2016 to 30 .09.2016
  
3. Designation : Registrar in Anaesthesiology  
Institution : Teaching Hospital- Peradeniya  
Appointment : Pain Appointment  
Duration : 01.04.2018 to 14 .04.2018

## **Experience as a Medical officer in anaesthesia**

Designation : Medical officer in Anaesthesia and intensive care

Institution : District General Hospital – Nuwara Eliya  
Duration : 09.08.2012 to 31.04.2015

District General Hospital Nuwara Eliya is the largest hospital in Nuwara Eliya District with operating theatre and intensive care facilities. General surgical, gynaecological, obstetric, ENT, eye, orthopaedic and paediatric surgeries are performed at DGH Nuwara Eliya. The ICU consists of 4 beds providing organ support for medical, surgical and paediatric patients each day.

### **Responsibilities**

- a) Pre-operative assessment and optimization of patients.
- b) Anaesthetize patients for surgeries.
- c) Manage intra and post-operative complications.
- d) Post-operative pain management
- e) ICU duties- including procedures.
- f) Working as a member in the **arrest team** . Attend arrests in wards.

### **Experience as a Post intern doctor (Resident House officer) in Surgery**

Designation : Residence House officer (RHO) in Surgery  
Institution : Teaching Hospital Peradeniya  
Duration : 07.02.2012 to 08.08.2012

I worked as a RHO in Surgery at Teaching Hospital Peradeniya dedicating my duties to the surgical wards, clinics ,endoscopy, operating theater and by performing minor surgeries.

### **Experience as an Intern Medical doctor in Medicine and Surgery**

Designation : Intern Medical doctor in Medicine and Surgery  
Institution : Teaching Hospital Peradeniya  
Duration : 07.02.2011 to 06.02.2012

I completed my internship in the Professorial units of Teaching Hospital Peradeniya . I have always been a very committed , patient caring doctor and my service has been commended by the family members of patients which has led to donations to the hospital in a form of expressing their gratitude to the service provided.

## **Professional Training**

1. 31<sup>st</sup> annual scientific Sessions of the College of Anaesthesiologist & intensivists of Sri Lanka  
The Main Scientific Sessions held on 31/1/2015 & 1/2/2015
2. Workshop on difficult airway 31<sup>st</sup> annual scientific Sessions of the College of Anaesthesiologist & intensivists of Sri Lanka 27/01/2015
3. Annual scientific Sessions 2015 Faculty of Critical Care Medicine 5/9/2015
4. Pre-congress symposium on caring for Kidney in ICU organised by Faculty of critical care medicine College of Anaesthesiologists & Intensivists of Sri Lanka 4/9/2015
5. Symposium on caring for The Heart in ICU organised by Faculty of critical care medicine College of Anaesthesiologists & Intensivists of Sri Lanka 25/6/2015
6. Workshop on Holistic & multidisciplinary care of thyroid disorders organised by The Kandy Society of Medicine 24/7/2015
7. Lecture series on Key Topics in Emergency Medicine organised by The ministry of Health 1/10/2015
8. Post congress workshop on Ultra Sound Guided Nerve Blocks with Hands on training organised by the Faculty of Pain Medicine , The College of Anaesthesiologists & Intensivists of Sri Lanka on 23/11/2015
9. Annual Academic Sessions – Kandy Society of Medicine on 10<sup>th</sup> to 12<sup>th</sup> Feb 2015
10. Paediatric Emergencies & Life Support Course organised by the Sri Lanka College of Paediatricians On 8<sup>th</sup> -9<sup>th</sup> Feb 2015.
11. Workshop on Advanced Airway Management conducted by Department of Anaesthesia and Critical care; Teaching Hospital Kandy on 28<sup>th</sup> April 2016.
12. Workshop on Primary Trauma care management organized by World Federation of Societies of anaesthesiologists on 30<sup>th</sup> may 2016.
13. Workshop on Essential pain management organised by the faculty of pain, college of anaesthesiologist of Sri Lanka on 25<sup>th</sup> October 2016.
14. RESPIRE -8, Annual Academic sessions, organized by Sri Lanka College of Pulmonologist on 22<sup>nd</sup> October 2016.
15. Annual Scientific Sessions -2016, organized by Faculty of Critical Care Medicine on 9<sup>th</sup> & 10<sup>th</sup> of July 2016.

16. Workshop on Transport of Critically ill Patient on 19<sup>th</sup> November 2016, Organised by College of Anaesthesiologists & Intensivists of Sri Lanka.
17. Advanced life Support Course in Colombo Sri Lanka 23<sup>rd</sup> September 2016, organized by College of Anaesthesiologists & intensivists of Sri Lanka.
18. Workshop on Haemodialysis on 2<sup>nd</sup> September 2016 , Organized by The Kandy Society of Medicine in collaboration with Nephrology and Transplant Unit: Teaching Hospital Kandy.
19. The Kandy Society of Medicine ,39<sup>th</sup> Annual Academic Sessions on 16-17<sup>th</sup> February 2017.
20. WINFOCUS Ultrasound Life Support Basic Level Provider Course 22<sup>nd</sup> 23<sup>rd</sup> February 2017,Organised by the College of Anaesthesiologists & Intensivists of Sri Lanka 12<sup>th</sup> SAARC Conference .
21. 12<sup>th</sup> SAAC AA conference & 33<sup>rd</sup> Annual Academic Congress 2017, on 25-26 February 2017.
22. National Trauma Management course 23<sup>rd</sup> & 24<sup>th</sup> March 2017.
23. Workshop on Ventilation conducted by Board of Study in Anaesthesiology on 18<sup>th</sup> May 2017.
24. Workshop on Haemodynamics , organized by Faculty of Critical Care Medicine on 30<sup>th</sup> June 2016.
25. The Annual Scientific Sessions conducted by Faculty of Critical Care Medicine“Holistic Care For Critically Ill” on 1<sup>st</sup> and 2<sup>nd</sup> July 2017.
26. Workshop on Paediatric Basic and Advanced Life Support conducted by Simulation Centre T H Kandy on 28<sup>th</sup> September 2017.
27. Ultrasound Guided Nerve Blocks conducted by Dr Shreelaj Sharma at T.H.Kandy on 22<sup>nd</sup> October 2017.
28. 34<sup>th</sup> Annual Academic Congress 2018 conducted by College of Anaesthesiologists and Intensivists of Sri Lanka on 27<sup>th</sup> & 28<sup>th</sup> January 2018.
29. 34<sup>th</sup> Annual Academic Congress 2018 ;”Clinical Scenarios In ICU’ on 26<sup>th</sup> January 2018.
30. Essential Pain Management (EPM) programme conducted by faculty of Pain Medicine, Colombo, Sri Lanka on 30<sup>th</sup> November 2018.
31. 35<sup>th</sup> 33<sup>rd</sup> Annual Academic Congress 2019 conducted by College of Anaesthesiologists and Intensivists of Sri Lanka on 19<sup>th</sup> & 20<sup>th</sup> January 2019.
32. “Back to basics" in Cardiology imaging 2019,Sri Lanka Heart Association & Cardiology Unit, Teaching Hospital Kandy on 9<sup>th</sup> &10<sup>th</sup> March 2019.
33. Workshop on Introductory Seminar on “Statistics R” organised by The Kandy society of Medicine on 9<sup>th</sup> April 2019at the PMCK Auditorium , T H Kandy.
34. Advanced Airway workshop – Queen Elizabeth Hospital, Birmingham on 28<sup>th</sup> October 2019.
35. Anaesthesia and Critical care Sessions at Excel London 13<sup>th</sup>, 14<sup>th</sup> November 2019.
36. Evidence based perioperative Medicine 2020;Annual London congress of perioperative Medicine, June 27<sup>th</sup> -July3<sup>rd</sup> 2020

## Professional Training- Due to Attend

1. Perioperative care in Liver transplantation :International Liver Transplant Society 2020, Annual Scientific Session due in 2<sup>nd</sup> to 3<sup>rd</sup> October 2020.

## Resource person and Teaching

---

1. Participated as a resource person in workshop on Initial Trauma care for Nurses conducted by the Sri Lanka College of Surgeons on 15<sup>th</sup> Sept 2018.
2. Resource person in Essential Pain Management (EPM) programme conducted by faculty of Pain Medicine, Colombo, Sri Lanka on 31<sup>st</sup> October 2018.
3. Lecture on Basic and Advanced life support in Paediatric Advanced Life Support workshop conducted in Teaching Hospital Kandy in 25<sup>th</sup> September 2018.
4. Advanced air way workshop conducted in teaching Hospital Kandy by the Department of Anaesthesiology in collaboration with college of Anaesthesiologist and Intensivist of Sri Lanka on 18<sup>th</sup> October 2018.
5. Resource person in Neuro Anaesthesia day 2018, conducted by Department of Neuroanaesthesia and Intensive Care in Teaching Hospital Kandy on 27<sup>th</sup> September 2018.
6. Resource person in Nurses Training Program at Teaching Hospital Kandy on 24<sup>th</sup> November 2018.
7. Basic life support with scenario based teaching for medical students on 1<sup>st</sup> December 2018 at Teaching Hospital Peradeniya.
8. Lecture on Infection control in ICU for Allied Health Science Students on 18<sup>th</sup> December 2019 at Faculty of Allied Health science, Peradeniya.
9. Past exam question based discussions for registrars in Anaesthesia conducted weekly in the theater complex at Teaching Hospital Peradeniya.
10. Basic life support with scenario based teaching for medical students on 17<sup>th</sup> and 22<sup>nd</sup> Of January 2019 at Faculty of Medicine, University of Peradeniya.

## Audits and research
