Wayamba International Conference

WinC - 2014

Dear Colleague,

Wayamba International Conference on Sustainable Development through Equitable Sharing

WinC - 2014

It is with great pleasure that the Wayamba University of Sri Lanka announces its first International Conference on "Sustainable Development through Equitable Sharing" and it has been scheduled to be held on **29th and 30th August 2014**.

The conference organizing committee would appreciate if you could make the academic staff members and research scholars of your faculty, department and institution aware of this International Conference and encourage them to contribute towards the Conference by submitting and presenting quality research work which can be considered under the theme of the Conference.

We sincerely hope that this Conference would be an ideal forum for academics, researchers and all the other stakeholders to meet, discuss and exchange views on the issues pertaining to the desired theme/s in an academic and professional environment.

So we earnestly request you to give due publicity to our conference (the conference flyer and the poster attached) and to encourage your colleagues to take part in this conference and disseminate new knowledge gained through their research.

Thank you.

Yours sincerely,

K.D.D.N Dissanayake (Ph.D.)
Gamika Prathapasinghe (Ph.D.)
Co-Chairs- WinC 2014
