Dear Sir/Madam,

11th Symposium of the Lanka Rainwater Harvesting Forum
Mainstreaming Rainwater Harvesting as a Water Supply Option

Call for Papers

Lanka Rainwater Harvesting forum, the leading organization promoting rainwater harvesting in Sri Lanka is organizing above mentioned event to provide open platform to present research findings related to main theme. Also this symposium will provide opportunities for Learning from renowned researchers, understanding the current state of research and future challenges in the rainwater harvesting and networking with the key players in rainwater harvesting.

Please be kind enough to disseminate the information on the event among the potential participants in your institution. A Poster/s on the symposium is enclosed herewith to be displayed in appropriate manner.

Thank you for the kind cooperation.
