2nd National Workshop on Scientific Data Handling, Analysis and Interpretation
(27th June 2015)

Applications are called for the above workshop organized by the PGIS to be held at the Postgraduate Institute of Science (PGIS), University of Peradeniya.

National Workshop on Scientific Data Handling, Analysis and Interpretation: The purpose of the workshop is to provide necessary knowledge for postgraduate students and researchers in scientific data management, analysis and interpretation. These aspects are essential in scientific research in order to disseminate findings in scientific forums, seminars, meetings and more importantly in scientific journals. Topics covered will include: Concept of significant figures, Sampling techniques, Numerical and graphical methods in scientific data analysis, Use of statistics in Scientific research and Instrumental aspects of scientific data handling.

Workshop Fee (*includes course material, lunch, refreshments and tea*):

Rs. 1500/- (PGIS - students) and Rs. 2000/- (others)

(*In order to be eligible for PGIS student rates, you have to provide the current PGIS student registration number*)

Only a limited number of participants can be accommodated for this workshop.

Application Procedure: Application forms and workshop details can be downloaded from the website: www.pgis.lk. The completed application should be submitted with the relevant workshop fee (payable by paying in voucher (can be downloaded from PGIS Web Site) to the Deputy Registrar, Postgraduate Institute of Science, University of Peradeniya, Peradeniya
