

Application for Final Year Elective

Students of the 2010/2011 Batch are requested to apply for the final year elective appointment

Application forms are available at the Dean's office

Please be kind enough to hand over the filled application forms to the Dean's office on or before the 26th of June 2015

Information for students on the application process

Finding a suitable elective

- ❖ You can select an elective from the list provided by the Faculty.
The Faculty electives list is displayed on the **Electives Moodle page in the Final year section**.
- ❖ You are not allowed to do electives at hospitals/units that already admit Peradeniya students. For example you cannot do electives in the major specialties (medicine/surgery/pediatrics/Obs and Gynea) at Kandy, Peradeniya, Kegalle, Mawanella or Gampola hospitals. However you can do these specialties at other peripheral hospitals.
- ❖ You can do electives in Teaching Hospital Kandy/Teaching Hospital Peradeniya in the units that do not admit students regularly.
- ❖ You can do electives in any other hospital that does not admit students regularly.
- ❖ If you wish to undertake your elective in a specialty you have already done at Teaching hospital Kandy you will have to do so at a different hospital. E.g Dermatology at BH Matale

- ❖ Bhutanese students can undertake their elective at a hospital in Bhutan if they wish

Foreign electives- For those students who wish to undertake a foreign elective they can choose a University/Institute of their choice and arrange the elective as they wish. These electives will be funded by the students (self funded). The faculty will help you with the application process and visa process.

- ❖ Thammasat University of Thailand has places for up to 4 students for an elective. They will provide local transport and hostel facilities within the University. However it's a self funded program and you have to pay for the airfare and accommodation (subsidized). If you wish to apply for this elective please indicate your preference on the application.

Applying for the elective

- ❖ You should apply for the elective on the **application form** available at the Dean's office with Mrs Dilumini Chandrasekara. You should apply for two electives when applying from the faculty list, since positions may be limited. Positions will be filled according to merit.

The filled Applications should be handed over to the Dean's office on or before the 26th of June 2015

Once the elective is approved by the Faculty the student will be notified.
