### REGISTERED POST

March 30, 2016

Dr. Gamini Edirisinghe  
Consultant Orthopaedic Surgeon  
Teaching Hospital,  
Kandy.

Dear Sir,

At the Special Meeting with the Heads of Clinical Departments and the Clinical Coordinators held on 30<sup>th</sup> March 2016, chaired by the Dean, Faculty of Medicine, it was decided to make a few amendments to the current clinical program.

Accordingly, Anaesthesia & Critical Care appointment which was done during the Long Clinical Rotation (LCR in the 4<sup>th</sup> Year) will be shifted to Professorial Clinical Appointment to couple with the Psychiatry appointment (4 weeks each appointment in the Final year)). Thus, the Orthopaedic Surgery, Neuro Surgery & Cardiology appointments will be shifted to the LCR appointment in place of Anaesthesia & Critical Care appointment.

This revision will be implemented from Monday 18<sup>th</sup> April 2016 from the 2011/2012 Batch. During the interim period, there will be an overlap in both Professorial and LCR appointments. Therefore, three disciplines, namely Orthopaedic Surgery, Neuro Surgery and Cardiology appointments will have to accommodate students from 4<sup>th</sup> and final year. The clinical coordinators will take best possible options to minimize the inconvenience caused to these clinical teachers.

The revised clinical appointment will be sent to all relevant clinical teachers within the next few days. Please be kind enough to adhere to the new rotation and the group of students.

We regret for any inconvenience caused.

Yours sincerely

Prof. Vajira Weerasinghe  
DEAN

### REGISTERED POST

March 30, 2016

Dr. Gamini Edirisinghe  
Consultant Orthopaedic Surgeon  
Teaching Hospital,  
Kandy.

Dear Sir,

At the Special Meeting with the Heads of Clinical Departments and the Clinical Coordinators held on 30<sup>th</sup> March 2016, chaired by the Dean, Faculty of Medicine, it was decided to make a few amendments to the current clinical program.

Accordingly, Anaesthesia & Critical Care appointment which was done during the Long Clinical Rotation (LCR in the 4<sup>th</sup> Year) will be shifted to Professorial Clinical Appointment to couple with the Psychiatry appointment (4 weeks each appointment in the Final year)). Thus, the Orthopaedic Surgery, Neuro Surgery & Cardiology appointments will be shifted to the LCR appointment in place of Anaesthesia & Critical Care appointment.

This revision will be implemented from Monday 18<sup>th</sup> April 2016 from the 2011/2012 Batch. During the interim period, there will be an overlap in both Professorial and LCR appointments. Therefore, three disciplines, namely Orthopaedic Surgery, Neuro Surgery and Cardiology appointments will have to accommodate students from 4<sup>th</sup> and final year. The clinical coordinators will take best possible options to minimize the inconvenience caused to these clinical teachers.

The revised clinical appointment will be sent to all relevant clinical teachers within the next few days. Please be kind enough to adhere to the new rotation and the group of students.

We regret for any inconvenience caused.

Yours sincerely

Dr. Shavindra Dias  
Head  
Dept. of Psychiatry

Dear Sir,

**Clinical Appointment – Final Year Medical Students**  
**2010/2011 Batch – Psychiatry Appointment – 5th Rotation**

This is to inform you that the 5th Rotation of the Psychiatry Appointment for the above batch of students is due to commence on Monday 27th June 2016.

I would appreciate if you could accommodate the relevant group in your clinical firm from 27.06.2016. The clinical schedule and the student groups relevant to this appointment are attached.

Please note that attendance for clinicals should be 100%. A student could be excused only if he/she is physically incapacitated. If so the student has to produce a medical certificate.

Please note that these students will have clinical lectures in the afternoon from 12.15 to 1.15 pm from Monday to Friday. Accordingly, they will have to be released at least by 11.30 am on the above five days.

Yours sincerely
