

Dear students (2015/16 batch)

I have discussed with the dean and the clinical coordinator regarding your GP appointment in the Family Medicine clinical rotation. For the students who missed the GP appointment , it was decided to make it optional or you could cover the appointment in 1 day. We have identified 4 GP trainers who are willing to take maximum of 4 students per day from 4 pm on weekdays.

You have approximately 10 weeks until your junior batch starts the appointment
Dr sachitra Abeykoon, Lecturer in Family Medicine will coordinate this with your batch rep

Thank you

Dr Shamali Abeyagunawardena
Family Medicine Coordinator
