2021/22 Batch

Y2S2 Infection 1 – In-course Assessment (Microscopy)

11/03/2025 – 10.15am onwards

- Schedule of the above would be displayed in due course by the Department of Microbiology.
- Students are requested to check the schedule and the relevant instructions given.
- If your index number is not included in the list, please inform the Department Office by 12 noon on 03/03/2025 by emailing to office.microbiology@med.pdn.ac.lk, and head.microbiology@med.pdn.ac.lk in the same email.
- Record book, student ID card and the name tag fixed to your lab coat are essential to grant permission to enter the venue. The name tag must be seen/ visible at all times during the in-course assessment (microscopy).
- Students are requested to bring only a couple of pens and pencils in the pocket along with the microscopy practical handout.
- Laboratory safety precautions will be strictly maintained. Please refresh on those and come when attending the in-course assessment.
- Please come to the lab 10 minutes ahead of commencement time and form a queue in the order of index numbers.
- Mutuels will not be entertained for any reason as this is an examination contributing to the Infection 1 module examination.
- Absentees on the day of the practical will have to present a valid medical certificate to the Department and other relevant places as has been instructed to you, through usual procedure and have them approved by the Health center to be considered 'Absent for valid medical reason'. All other students will be considered 'Absent' and get '0' marks. Those who are "absent for a valid reason" will need to repeat the exam immediately.

Instructions

In-course assessment -----7.5 % will be taken to infection I module examination

- 1). Keep record books/identity cards open on the bench
- 2). Each table will have 4 students and two such tables will be assigned to one examiner and a technical officer
- 3). Write your index number clearly on the answer script provided to you
Wait for examiner's instructions to start. Each table might start differently
- 4). Make sure that you are being examined / observed at each step
- 5). Once you focus under oil, draw and describe what you see on the answer script provided. Then call the examiner and show both what is written and the focused area. Do NOT call examiner to see anything other than that
- 6). Please call for help if you need help with focusing. Only 5 marks will be deducted, and you will get the marks for the other steps
- 7). One bell will be ringing 5 minutes before the completion time
- 8). Once you have completed the whole procedure, hand over the answer script and wash hands and leave
- 9). This is a part of a module examination, all by laws of University of Peradeniya pertaining to examinations will be applicable
- 10). No mobile devices are allowed in the examination hall / laboratory.
- 11) Candidates are not allowed to talk to each other during the examination
