## Year 1 Semester 1 Examination – March 2026 Feedback Session, MED1103 – Department of Biochemistry

Out of the 245 registered candidates of the 24/25 batch for MED1103 Biomolecules and Metabolism module, 34 students have failed the module and 2 were absent. Considering your performance in the above examination, Department of Biochemistry will conduct a feedback session with the aim of supporting you to improve your performance in future examinations.

- For students who failed at MED1103 or were absent
- Attendance is voluntary (not compulsory)
- Date and time – 02<sup>nd</sup> June 2025; 10.15 am – 12.15 pm
- Venue – East Laboratory, Department of Biochemistry
- The Chief Examiner of MED1103 will indicate the general weaknesses of the examination performance by each of you. You will be provided with additional guidance, time permitting. However, the level of support that will be offered to you will depend on the level of enthusiasm that each of you demonstrate.

Dr. S.P.R.P. Prematilake  
Chief Examiner – MED1103 module, Y1S1 Examination March 2026

1<sup>st</sup> June, 2026
