Dear Madam/ Sir,

RE: CPR TRAINING FOR THE NEW BATCH OF INTERN MEDICAL OFFICERS WHO WILL BE TAKING THEIR APPOINTMENTS IN MAY 2014

As a continuation of the programme that we have been conducting throughout the past two years in collaboration with the Ministry of Health, we are in the process of organizing the above training programme for the new batch of Intern Medical Officers (Local and Overseas Graduates) who will be taking their appointments in **May 2014**. According to the College event Calendar, the main CPR Training programme which is held island wide would take place separately in November for the graduates who will be taking their internship in December.

The Programme is scheduled to be held on the 8th and 9th of May 2014 at the National Blood Center Auditorium, Narahenpita. Please be kind enough to inform your Faculties' Interns (receiving first appointment in May) who have not received a CPR certificate last year, regarding this Programme.

Thank you,

Yours Sincerely,

President
