

NOTICE TO ALL STUDENTS

In view of the current covid-19 pandemic situation in the country, the faculty is compelled to inform some modifications in the MBBS Programme. Based on the instructions from the UGC we will not be able to commence any face to face academic programmes for the next two weeks for students who are currently at their respective residences. Kindly note that these instructions may be updated compelling us to further modify the programme. As of now Academic programme will be conducted as follows;

2019/20 Batch

The Y1S1 course work will commence Online on the 03rd of May 2021, and the timetable for the first week will be uploaded to MEDMOODLE and the faculty website soon. The programme for subsequent weeks will be made available depending on the situation of the covid-19 pandemic situation of the country.

2018/19 Batch

Y2S1 Examination will be held as planned and the students are advised remain within their residential halls and continue their preparation for examinations.

2017/18 Batch
